

# Our Haven naturesanctuary

☞ 175 Acres to find yourself ☞  
French Lick, Indiana

Nestled in the beautiful rolling hills of southern Indiana's countryside is Our Haven, a nature sanctuary of beautiful deciduous forests and reclaimed fields for all who wish to come enjoy its clear creeks, natural springs, and secluded areas. Our Haven has both private large areas as well as intimate small areas available for you and your group's or event's use.

The vision of Our Haven began for us many years ago. We had a vision to set aside a parcel of land for use and enjoyment by all and for all to live and commune in harmony with each other and with the land. All we lack is for you to add your own personal touch to your sacred place and to come enjoy Our Haven.

A lot of hard work by some very special people have enabled us to offer a magical place to come relax, recharge, gather with old friends, make new ones, or just have a good excuse to get away. While the camping is primitive in setting, a shower house with hot water -- beautifully crafted from rough-hewn lumber -- is available. as well as fresh drinking water and toilet facilities. We have more fire pits on the main field than most campgrounds do in their entire facility and plenty of firewood to go with them!

Come on out and check out the site. We promise, you won't be disappointed. Membership is only \$25 annually. Your membership entitles you to come any time you like for only \$5 per night, or you can barter the camping fee for one hour of work on the land. Where else can you find a camping deal like that? In addition, members receive reduced rates to Our Haven sponsored events, like our world famous Beltane festival.

In addition to offering some of the finest outdoor festivals in the Midwest, Our Haven has ample space and very reasonable rates for holding your own events. Our Haven is open to all positive paths.
